

Department of Computer Science, KKTU Govt. College

Annual Report 2018-19

The Department of Computer Science conducted a group of interesting events in connection with 'Science Day Celebrations 2019' on 27/2/2019. Demo and lecture on "Know your Apps" drew greater enthusiasm among the audience. Lecture session was led by Ms Haritha N S. The active participation of teachers, students and researchers from various institutions along with our own audience, in the discussions made the sessions lively.

The short movie on 'Apps in Daily life' grabbed public attention. The event was a big success as many school students and common people could know more about various apps that are helpful in the daily life of a common man. These were explained in simple terms by the faculty members and also the students of this college.

Group discussions on various current topics and GK quiz were conducted monthly among the students in class.

In this context, the Department of Computer Science of KKTU Govt College thanks everyone associated directly or indirectly for making this year an eventful one.
