Annual Report 2019-20

A One Day National Seminar on “BIG DATA & IoT” was conducted on 20th November 2019.

The seminar was beneficial to faculties from various colleges and students from both under graduate and postgraduate students. They had given hands on training for the same. Opportunities for presenting papers were given for both faculties and students.

During the pandemic covid 19 lockdown, students were given all online support to complete classes and how to overcome the period.
