

K K T M GOVT. COLLEGE, PULLUT.

Department of Chemistry

**Annual Report of Department Activities for the Year 2019-2020**

This academic year started on 06/06/2019. Admitted 27 students for first year Polymer Chemistry UG Course and first year classes started on 15-07-2019. We conducted an induction programme on 15-07-2019 for the first year students and their parents to bridge the gap between the school curriculum and University curriculum, and also to develop interest in the subject. Chemistry Association 2019-20 named "QUIMICONS" was inaugurated on 19<sup>th</sup> December 2019 by Dr, Gibin A. K., Asst. Professor, Christ College, Irinjalakuda. He delivered a talk on improvisation of waste materials to prepare different small machines that can be used in laboratory with detailed demonstration. During the meeting a memento was presented a memento to Mr. Mrudhul Mohan, third B. Sc. Polymer Chemistry student, Kerala Blasters Mascot Competition winner. The Students of Chemistry Department made the function colourful by various types of cultural activities.

The students of Chemistry department actively participated in various co-curricular activities in the college and also in arts as well as sports events. Mr. Muhammed Haseeb, Second year Chemistry student was elected as Sports captain for this year. A PTA meetings for the Final year student was conducted for First year students on 06-12-2019, Final year students on 18-12-2019 and for Second year students on 17-01-2019. Our Second year students, Anjana Babu, Akhila V. V., Alphiya Asharaf, Sumi O. M., Sandra K.B., Sreelakshmy U., Sreelakshmi K, Neethu V. M., Krishnaveni T. S. and Haripriya N. S. Participated in periodic table making competition, chart making and Quiz completions held at Christ College, Irinjalakuda on 30.01.2020. Department of Applied physics and Department of Polymer Chemistry jointly organised a National seminar on "Nano and energy materials ( NAEM-2019 ) on 16/12/2019 and 18/12/2019. The seminar was co-ordinated by Dr. Suma C.S. of Chemistry Department and Dr. Vinayasree S. of Physics Department. Many eminent personalities presented papers in the seminar.

A study tour was conducted as per syllabus for third year students during 27/12/2019 to 01/01/2020. Dr. Seena Thomachan., and Dr. Suma C.S. accompanied the students and visited many scientifically important places and also visited Vajra Polymers, Vellangallur for understanding different types of polymer processing. In order to improve the interface between Education and Industry, we collaborate with nearby Industrial organizations like Vajra Polymers, Vellangallur. We sent a team of students to the above place for carrying out their UG project work. Onam celebrations and Christmas celebrations was more enthusiastic and encouraging than previous years.

The association programmes completed with sent off of for third year students on 25/02/2020.

**National Seminar Technical Session by Dr. Subila K. B, M. G University**

**National Seminar Technical Session by Mr. Aravind K., S B college**

**Mr. Mrudhul Mohan, third B. Sc. student, Kerala Blasters Mascot Competition winner**

**Our Second year students Participated in periodic table making competition, chart making and Quiz completions held at Christ College**
