## **REPORT**

Possessionem 2K22, an IPR awareness programme was organized on 19<sup>th</sup> December 2022 at Audio Visual Room by the Department of Zoology in coordination with IQAC of KKTm Govt. College, Pullut. Welcome speech was given by Programme coordinator Mr Prasad N. K., Assistant Professor, Dept. of Zoology and best wishes were given by Dr Shaji E. M., HoD, Dept. of Zoology, Dr Remani, HoD, Dept. of History, Dr Sujathan P. K., IQAC coordinator, Dr Seema Menon. Assistant Professor, Dept. of Zoology. The talk was given by Ms Lavanya Maddhuri, Patent Officer, Indian Patent Office, Chennai.

Ms Lavanya Maddhuri initially talked about the motive behind the IPR awareness programme as it was to create awareness among students about intellectual property and intellectual property rights. We came to know that this awareness programme started in the year 2021 due to the largely positive response. If gained, it was further extended to the next year. She talked about the Indian Patent Act, of 1970 and with the example of Facebook changing its name to Meta and the procedures and transactions it underwent, we clearly understood the significance of the intellectual property. She further went on to give us examples such as the patented items in a Galaxy S2 smartphone and the disputes over patented items. She gave us a clear idea about what 'Intellectual Property' or 'IP' means.

She thus went on to tell us about the significance of IP and what it offers it grants us with her easy-to-understand way of communication we easily understood all of her words. She then told us different facts about the rankings of countries in patent filings and the rise in a patent

applications in India in recent years. She also told us about the security and rights that a patentee will hold over his/her patent. She also explained the term 'Trademark' and 'Copyright' with easy-to-understand images and examples. She then told us about the patent filing procedures in India and gave us details about the different patent offices in the country.

Thus her class gave us exceptional insight into this field so that we can take appropriate measures whenever it is concerned. As a student, I felt very helpful as we are the next unties of our country who ought to be more diligent towards these matters.

An interactive session was held after the class in which students asked their doubts and madam gave answers which steered off of them. The programme was officially concluded with thanksgiving, given by Ms Parvathi Sreelan, the Second year Zoology student.
