

National Statistics Day Celebration

India commemorates National Statistics Day on June 29 to honour the late Scientist Prasanta Chandra Mahalanobis and his contributions to the field of statistics and economic planning.

Prior to the national statistical day celebration an open book quiz competition, mobile photography competition and mobile videography competition were organised. The open book quiz was conducted on 05/07/2023 in online mode. The last date for the mobile photography and videography competitions were 05/07/2023. The prizes of the competitions were distributed at the celebration function conducted on 25/07/2023.

In connection with National Statistics Day, the Statistics and the Mathematics departments of KKTM govt College jointly organized a talk on the 'Importance and scope of the statistics subject' on 25/07/2023.

The session started at 9.30 am, which was inaugurated by Dr. Shaji E. M., Principal, KKTM Govt. College. Ms. Smitha M. S., Statistical Investigator, Kerala Economic and Statistics Department, was the resource person. She gave a detailed talk on the importance and scope of the statistics subject. After that the prize distribution of the open book quiz competition, mobile photography competition and mobile videography competition were done.

Around 70 participants including teachers and students attended the programme. This interactive and informative programme came to an end at 11.15 am.
