The Department of Computer Science at KKTm Govt. College, Pullut, in collaboration with JetKing Infotrain Ltd., Kochi, celebrated World Computer Day by organizing a professional orientation session titled '*Trending Technologies in IT*' on 18th February 2025. This session was aimed at introducing students to the latest trends in the IT sector, helping them understand the emerging technologies shaping the industry.

The event took place from 11:30 AM to 1:00 PM in the college's Audio-Visual room, with 57 participants from various fields of study. The session provided students with practical insights into the current technological advancements in IT, offering valuable guidance to those aspiring to build careers in the tech industry.

The event was inaugurated by Smt. Dhanya Mohan O, Head of the Department of Computer Science. In her welcome speech, she highlighted the importance of World Computer Day and the role of technology in shaping the future. She emphasized the significance of staying updated with the latest technological trends and how such events can guide students toward building successful careers in IT.

The resource person for the session, Mr. Bennet Basil, Senior Business Development Officer at JetKing Infotrain Ltd., Kochi, delivered an engaging talk on the trending technologies in IT. He explored various key areas that are revolutionizing the industry, such as:

- **Artificial Intelligence (AI) & Machine Learning (ML):** Discussing how AI and ML are being integrated into business solutions and the increasing demand for skilled professionals in these fields.
- **Cloud Computing:** The rise of cloud technology and how it has transformed businesses by providing scalable and cost-efficient solutions.
- **Cybersecurity:** The growing importance of cybersecurity in protecting data and information, with a focus on career opportunities in this domain.
- **IT Hardware & Networking:** A look into the IT hardware and networking industry, emphasizing the need for skilled professionals in maintaining and troubleshooting network systems.

Mr. Basil also shared practical industry insights and real-world applications of these technologies, helping students understand their relevance and career prospects. He stressed the need for students to develop hands-on skills to thrive in these rapidly evolving fields.

During the session, Mr. Basil also provided an overview of JetKing Infotrain Ltd., which is India's No. 1 digital skill institute specializing in IT hardware and networking. He explained how JetKing trains both technical and non-technical students, offering them 100% guaranteed placement. JetKing's training programs

also focus on personality development, resume writing, and mock interviews, preparing students to excel in the corporate world.

He highlighted that JetKing has a strong association with over 5,000 recruiters, including top IT companies, which ensures that their students are placed in some of the biggest names in the industry. JetKing has earned several prestigious awards, such as the *Limca Book of Records* and the *ASSOCHAM National Educational Excellence Award*, further solidifying its reputation as a leading institution in IT training.

After the presentation, an interactive Q&A session was held where students actively engaged with Mr. Basil, asking questions related to career opportunities, certifications, and the skills required in the IT industry. This session provided students with personalized guidance on how to prepare for successful careers in the ever-evolving tech field.

The event concluded with a heartfelt vote of thanks by Smt. Binamol T V, Assistant Professor of Computer Science. She expressed gratitude to Mr. Bennet Basil for his insightful session, to JetKing Infotrain Ltd. for their collaboration, and to all the participants for their active involvement in the event.

The World Computer Day celebration at KKTM Govt. College, Pullut, was a successful and informative event that provided students with valuable insights into the current and future trends in the IT industry. The session on '*Trending Technologies in IT*', led by Mr. Bennet Basil of JetKing Infotrain Ltd., equipped students with the knowledge and skills required to pursue careers in the rapidly growing tech sector. The collaboration with JetKing Infotrain Ltd. further strengthened the event, offering students the opportunity to learn about training programs that prepare them for successful careers with leading IT companies.

The event was a fitting tribute to the significance of computers and technology in shaping the future, and it undoubtedly motivated students to stay updated with technological advancements and pursue further skill development to succeed in the IT field.

## **2. Orientation Programme on CCEK Courses**

An informative and engaging **Orientation Programme** was conducted on **24th January 2025** at **11:15 AM** in the **Audio Visual Room**. The event was organized collaboratively by the **CCE Cell, Department of Computer Science, and IQAC**. The primary aim of the programme was to introduce students to various skill development courses and opportunities that enhance employability, with a focus on imparting need-based training to unemployed youth.

The programme began with a **prayer** to set a positive tone for the event, followed by a **welcome speech** by **Smt. Dhanya Mohan O**, Centre Manager of the CCEK Cell. She warmly welcomed the gathering and introduced the significance of the programme, highlighting the role of the CCEK Cell in offering relevant skill development courses to students.

The **Presidential Address** and **inauguration** were delivered by **Dr. G Ushakumari**, Vice Principal. She spoke about the importance of continuous learning and skill enhancement in today's competitive world, urging students to take full advantage of the training programs available to them.

The resource persons for the orientation included:

- **Sri. Simson V Johnson**, CCEK District Coordinator, who provided a detailed presentation on the **various courses offered by the CCEK**. He

elaborated on the importance of these courses in building a skilled workforce capable of meeting the demands of the job market.

- **Sri. Sreenath**, CCEK PDSL Coordinator, discussed the **Professional Diploma in Shipping and Logistics (PDSL)** and the **Advanced Diploma in Logistics and Supply Chain Management**. He explained how these programs are designed to equip students with specialized skills required in the growing logistics and supply chain industry.
- **Sri. Arun K S**, Fitness Instructor, delivered an insightful talk on the **importance of physical fitness** for students. He emphasized the benefits of maintaining physical well-being, which contributes to overall productivity and success in both academic and professional life.
- **Smt. Aiswarya P Venugopal**, DCA Faculty, provided information on the **Diploma in Computer Applications (DCA)** course. She discussed how the course helps students acquire essential computer skills, which are in high demand in today's technology-driven world.

The event included a **Felicitation Ceremony**, where **Dr. Lovely George**, IQAC Coordinator, expressed her gratitude to all the resource persons for their valuable contributions and presented them with tokens of appreciation for their time and expertise.

The programme concluded with a **Vote of Thanks** by **Smt. Binumol T V**, CCEK Cell Member. She thanked all the dignitaries, resource persons, and participants for their involvement, making the event a success.

The orientation programme focused on **skill development and employability**, aiming to provide **need-based training to unemployed youth**, ultimately enhancing their skills and increasing their employability. A total of **74 participants** attended the programme, all of whom showed great enthusiasm and interest in the courses and opportunities discussed.

In conclusion, the orientation programme was a highly successful event, offering participants valuable insights into various professional courses that contribute to skill development, thereby enhancing their career prospects in a competitive job market.

## National FDP on MOODLE Learning Management System

Self Learning Programme

Duration : One-Week

Registration dates: 08 -14 Feb 2025

Training dates: 17 - 22 Feb 2025

Course certification from Spoken Tutorial -IIT Bombay

The registration link on the pdf file is clickable and it redirects the faculty to the Moodle FDP course registration ST page where faculty can directly pay

Moodle LMS is a flexible, and interactive platform that enables faculty to efficiently manage courses, enhance teaching with blended methodologies, automate assessments and feedback, track student performance, integrate with other tools, and provide global accessibility and many more.

This is in line with the requirements from MoE, UGC, AICTE, University bodies to upskill yourself in ICT methods, CAS/API etc.

### KEY FEATURES

**Mode of Training:** Online, remote learning through audio-video lectures (e-tutor), per your convenience.

**Certification:** E-Certificates of Participation will be provided by Spoken Tutorial, IIT Bombay after completion of training. A Course Completion Certificate will be provided once you clear the online test.

20 videos which covers the following major topics:

- Overview of MOODLE
- Moodle installation on Local Server
- Understanding Admin Dashboard
- Course management and administration
- Managing resources
- Forum and assignment
- Question bank
- Quiz management

Faculties who had undergone Moodle LMS earlier can also do this FDP as a refresher course as certification can be availed from Spoken Tutorial -IIT Bombay .
